SUMMARY

QA Engineer with 1+ year hands-on experience automating and validating enterprise CRM and e-commerce platforms. Developed automated test suites in Playwright achieving 75% code coverage and 60% reduction in regression testing cycles. Executed 500+ manual test cases identifying 50+ critical bugs pre-production. Architected API test collections covering 40+ REST endpoints in Postman reducing manual effort by 40%. Skilled in JavaScript, TypeScript, Playwright, Jest, and MongoDB database validation ensuring seamless product quality across microservices architecture.

SKILLS

- **Testing Expertise:** Manual Testing | Functional Testing | API Testing | Unit Testing | Integration Testing | Regression Testing | Smoke Testing | End-to-End Testing | Security Testing | Test Case Design | Bug Tracking
- **Automation & Programming:** JavaScript | Playwright | Node.js | Test Automation | Dynamic Form Validation | UI Automation
- **API & Database:** Postman | REST API | JSON Validation | MongoDB | Database Testing | Data Consistency Validation | CRUD Operations
- **Tools & Platforms:** Git | GitHub | Jira
- **Development Practices:** Agile/Scrum | Test-Driven Development (TDD) | CI/CD Pipelines

PROFESSIONAL EXPERIENCE

SDET

Dentira Tech Pvt Ltd, Delhi (September 2024 – April 2026)

- **Developed automated test suite using Playwright achieving 75% code coverage** and 60% regression testing reduction (3.2 hours from 8 hours per cycle)
- **Conducted comprehensive manual testing across browsers identifying 50+ critical bugs pre-production**, preventing post-release defect costs
- **Architected API test collections in Postman** covering 40+ REST endpoints with security validation
- **Implemented systematized smoke tests and database validation scripts** reducing manual effort by 40% (6 hours saved weekly) while maintaining microservices data consistency
- **Collaborated in Agile environment participating in sprint planning**, bug triage and quality improvement initiatives

Deputy Manager

ICICI Bank (March 2023 – September 2024)

- **Managed client portfolio and relationship operations**, achieving a 20% increase in client satisfaction scores while leveraging Power BI and MS Excel to extract 500+ high-quality leads, improving lead conversion by 15%
- **Increased branch business revenue by 15%** through strategic financial product recommendations and targeted cross-sell initiatives

PROJECTS

E-Commerce Testing Suite | QKart Application

- **Designed 200+ comprehensive test cases and built Postman API suite with 25+ tests** validating JWT authentication, input validation, and error handling with 90%+ React component code coverage
- **Reduced test execution time by 50%** through optimized test data management and parallel test execution

Video Platform Testing | Full-Stack Application

- **Executed functional testing for CRUD operations and video metadata** ensuring data consistency across application layers with 81% manual testing cycle reduction (45 minutes from 4 hours)
- **Designed 30+ API test cases in Postman for Express.js/MongoDB backend** covering upload, metadata, and like functionality with comprehensive assertions

EDUCATION

Bachelor of Commerce

JVM Mehta College, University of Mumbai (May 2022)
